# Steps to restoring service

When restoring power, your electric cooperative follows a plan to ensure power is back on for the greatest number of people in the shortest amount of time and in the safest manner possible.

Please be patient as your electric cooperative prioritizes repairs and methodically works to restore service.

- PRIORITY 1:** Transmission lines
- PRIORITY 2:** Substations
- PRIORITY 3:** Main distribution lines
- PRIORITY 4:** Tap lines
- PRIORITY 5:** Individual service

## COMMON REASONS FOR

# power outages

Power outages are never convenient for anyone, but they do occur. Though it's often obvious why there might be an outage, usually because of the weather, sometimes we might be left in the dark, literally and figuratively, while the power's out. *Here are some common reasons.*

- WEATHER
- ACCIDENTS
- VANDALISM
- TREES
- ANIMALS
- PLANNED OUTAGES
