The Rise of Electric Vehicles is Here. See if an EV is right for you at: www.powermoves.com/EV

FAST FACTS

The EV market has changed significantly over the last five years - here's what you should know

MODELS

With electric trucks, SUVs and cars on the market, you have a variety of options.

BYE, GAS

No more need for trips to the pump. Pumping gas in the cold is a thing of the past!

CHARGE AT HOME

That's right, you can charge EVs right in your own garage. Plug it in when you get home and by morning, you're ready to go! Most EVs have ranges of 150-310 miles per full charge!

MONEY

On average, EVs are about 43% less expensive to operate than gas-powered vehicles!

OIL-LESS

No engine, no oil! The only regular maintenance EVs require is significantly lower than gas-powered vehicles.
