LITTLE SHIFT. BIG PAYOFF.

When everybody's using electricity during the hottest days of the year, costs can go up. But with a Wi-Fi thermostat and a little help from our **PowerShift Wi-Fi Thermostat Program**, we make tiny temperature adjustments that save everyone money when electricity is most expensive. Get **\$50 just for signing up**—and another **\$25** for each year you stay enrolled. Who knew a little shift could pay off so big?
