

Be safe AROUND ELECTRICITY WHEN MOVING FARM EQUIPMENT

WITH THE ARRIVAL OF HARVEST TIME, INDIANA'S FARMERS ARE SHIFTING INTO HIGH GEAR AS THEY MOVE INTO THEIR FIELDS TO BRING IN THEIR CROPS. THE INCREASED ACTIVITY PUTS FARMERS AND FARM WORKERS AT GREATER RISK.

Always look up and around before moving or raising equipment. Keep in mind power lines sag between poles, especially on hot days. A good rule of thumb is to stay at least 30 feet from all power lines and power poles.

If you're in equipment that touches power lines, stay in the cab and call for help. Tell others to stay away. In the rare case of a fire that requires you to escape, jump clear of the equipment. Keep both feet together and shuffle or hop at least 30 feet away.

YOUR VOTE HELPS PROTECT THE FUTURE OF INDIANA'S ELECTRIC COOPERATIVES

As a consumer of an Indiana electric cooperative, you are among 1.3 million Hoosiers who can claim ownership in a not-for-profit, consumer-controlled utility that provides electricity at cost.
